

La Beauté du Diable

Koffi Kôkô

“The Beauty of the Devil “ Solo by Koffi Kôkô

Length 50 minutes

The performance deals with the paradox of life, the Devil, whom everyone fears while carrying him inside oneself. Inevitably, where there is God, there is also his opposite, the Devil. Koffi Kôkô explores this duality which, to him, is human and universal, as are day and night. Coming from a culture which considers God and the Devil as co-existing in one person, he inquires into the Judeo-Christian perception which separates the two.
